5th INTERNATIONAL EXHIBITION OF URBAN ARCHITECTURE, CONSTRUCTION, DEVELOPMENT, TECHNOLOGIES AND MATERIALS

17 – 20 October 2011
Moscow, VVC, Pavilion 75

Building the city of the future!

www.City-Build.ru
CityBuild is the only city building exhibition in Russia and CIS, where leading companies have an opportunity to demonstrate city infrastructure development technologies and projects to their target audience and sign new contracts.

The goal of the exhibition: contribution to the economic development of Russian regions by improving technological level and competitiveness of companies implementing infrastructure projects.

CityBuild is a trade exhibition which in full satisfies growing city building demands. Business programme of the exhibition amends the unique display featuring the world leaders of city building industry. Uniqueness of the exhibition is based on the fact that exhibitors and visitors are represented by specialists of all stages of city building process.

**About the Exhibition**

**Advantages of the Exhibition**

- The only city building exhibition in Russia dedicated to city infrastructure development
- The exhibition is run under the direction of the Moscow government and patronage of specialised associations of the industry and is supported by Russian and international public organisations
- Visitors and participants of the exhibition are leading professionals of the city building industry
- High international level of the exhibition
- Unique business programme
